

LTE AIS Project Assistant

Oneida County Land and Water Conservation is accepting applications for three AIS (Aquatic Invasive Species) Project Assistant positions. These positions assist the AIS Coordinator with planning and implementing the Oneida County AIS program for prevention and control of aquatic invasive species in Oneida County and cooperates with other AIS partners to achieve the goals and objectives set forth in the Oneida County DNR AIS Education Grant. Two positions are for 600-hours at \$12.00 per hour and one AIS Field Lead position is also available for 1000 hours at \$14.00 per hour. Employees will be compensated for mileage during the work day.

Qualified individual must have an Associates degree in Natural Resources or related field, or current enrollment in a Bachelors degree program with natural resource conservation field experience.

Complete job description and required Oneida County application are available at www.co.oneida.wi.gov under the Employment Opportunities tab. Application, resume and cover letters should be submitted to Land and Water Conservation, P.O. Box 400, Rhineland, WI 54501 or by email to msadauskas@co.oneida.wi.us. Any questions, please call 715-369-7835. Applications will be taken until positions are filled.
